BABY ITCHED 6 YEARS
CURED BY CUTICURA.

My six-weeks old son had a breaking out on the top of his head; it spread all over his head and arms. Around his body, and legs from knees to ankles, was a solid scab. My family doctor treated him for eighteen months. I tried four more, and then a medical college. No good yet. Spent not less than a thousand dollars in money and time. Old Mr. Barney Clap insisted on my trying CUTICURA remedies. By the time my wife had used the CUTICURA (ointment) up, he began to improve and got so he could sleep short naps, and gave me and wife some rest. He is well now, after six long years of itching, crying, and worrying. CUTICURA remedies cured him.
W. M. STODHILL, Lexington, Okl.

DARK HORSE KILLED.

Addison C. Harris Out of the Senatorial Race.

He is Appointed Minister to Austria-Hungary.

A Prominent and Able Lawyer of Indianapolis.

He Will Succeed Minister Charlemagne Tower, Who is Raised to Russian Ambassadorship.

WASHINGTON, Jan. 10.—Among the nominations sent to the senate by the president today were these two:

Charlemagne Tower, of Pennsylvania, now minister to Austria-Hungary, to be ambassador to Russia.

Addison C. Harris, of Indiana, to be minister to Austria-Hungary.

Hon. Charlemagne Tower comes from an old family of the Keystone state and is very wealthy and cultured gentleman. He was appointed minister to Austria early in the administration of President McKinley.

Addison C. Harris is an able and prominent lawyer of Indianapolis. He has several times been a member of the Indiana legislature and has held other important public positions. He is an astute politician and a very able campaign speaker. At one time he was quite close in his political relations with Benjamin Harrison. He has been looked upon in Indiana as a promising "dark horse" candidate for the United States senate in the contest to be decided at Indianapolis tonight.

IN THE SENATE.

WASHINGTON, Jan. 10.—At the beginning of today's session of the senate Mr. Chandler introduced a senate resolution for the distribution of the appropriation bills and indicated he would precipitate this fight soon. The senate passed bills authorizing the construction of a bridge across the Missouri river at Chamberlain, S. D., and authorizing the secretary of agriculture to prepare a report showing the average fluctuation from year to year of farm products.

Mr. Mason, of Illinois, took the floor for his announced speech upon his resolution declaring that all just powers of the government are derived from the consent of the governed and that the United States will make no attempt to govern any people against their will. Mr. Mason spoke from manuscript and confined himself closely to his notes.

THE HOUSE.

WASHINGTON, Jan. 10.—The house today immediately after the reading of the Journal resumed the consideration of the bill for the codification of the criminal laws of Alaska.

CUBA'S FINANCES.

Dr. Friar on a Mission to Washington Concerning Question.

Is a Leading Cuban Lawyer—Says General Brooke Has Chosen Good Men for His Administration.

NEW YORK, Jan. 10.—A special from Washington says:

Dr. Jose Antonio Friar, chairman of the finance committee of the Cuban assembly and one of the leading lawyers of the island, has arrived in Washington and will present to the department of state a plan for the settlement of the financial system of Cuba.

This plan includes a method of appropriating certain revenues toward the payment of the Cuban soldiers when they are disbanded and other financial measures for the relief of the poor.

Dr. Friar is a leading candidate for the appointment of chief justice, although it is asserted that his mission in Washington at this time is not to further his candidacy for that office, but is solely for the purpose of presenting his financial plans.

"In addition to the financial scheme which we have proposed," said Dr. Friar, "Dr. Capote, president of the Cuban assembly, has, with others, worked out an admirable plan for the government of the island, drawn from the knowledge of the existing laws and practices of the courts and various local offices and which will be submitted to the United States.

"Already General Brooke has surrounded himself with some of the ablest Cuban leaders as advisors. The leaders have become reconciled to it and the great mass of the people are steadily coming to take this view of the matter. I regard it as necessary, however, that Cubans should be made the police officers in all the large cities for the reason that they understand the people, know who the malefactors are, are able better to apprehend them and prevent trouble than the Americans.

"General Gomez was grossly misrepresented in a great many respects. I have reason to know that he is not anti-American, as has been charged against him. The statement that he has opposed American intervention, I know to be absolutely and maliciously false. General Gomez is a true patriot. He has made as many sacrifices as any man living or dead for the cause of Cuban independence and in this statement I am in no way belittling the grand efforts and the noble sacrifices of the many martyrs to the cause of Cuban liberty. Patriot as he is, he realized that American intervention at this time is a necessity. He sees it as do other Cuban leaders and it is a necessity. He not only tolerates it without objection, but is in favor of it."

TO BE ALCADE OF HAVANA.

NEW YORK, Jan. 10.—It is announced that Perfecto Lacoste, who was president of the Havana junta, will be named as alcade, or mayor. General Menocal will accept a position under General Ludlow. By placing Cubans in prominent positions some of the responsibility for minor positions will be shifted to them.

HAPS AND MISHAPS.

Mrs. David Waters Almost Overcome by Gas.

Four-Year-Old Benny Skelton Has His Legs Badly Scalded—The Day's Chapter.

Mrs. David Waters, after having retired last night, inhaled fumes of gas and was partially overcome. She suffered from a violent headache and there were other attending symptoms of collapse when one of the members of the household threw open a window and let in fresh air. Mrs. Waters was quite ill throughout the night, but she is better today. She is the wife of the well known Nickel Plate conductor.

A BOY SCALDED.

Benny Skelton, four years old, the son of Mr. and Mrs. W. B. Skelton, of West Jefferson street, was the victim of an accident yesterday. The little fellow in some manner knocked the teakettle from the stove and its hot contents were spilled over him, burning his legs badly. Dr. H. G. Merz attended the little sufferer.

OTHER ACCIDENTS.

Clinton Crouse, an employe of the Brown Trucking company, lost two fingers at 2 o'clock yesterday afternoon. He was helping to unload some mowers when his hand was caught in the knives. Drs. James Lomas attended the unfortunate man.

While driving out West Main street last evening, Frank Weber narrowly escaped serious injury by being caught in the wheels of his wagon. He was rescued from his perilous position by James McFadden, at Main and Mechanic streets.

Lon Hutchinson, of East Williams street, had his left eye badly burned with lime yesterday. Dr. Lomas bathed and dressed the optic, and reports that the sight is not destroyed.

QUIET IN SANTIAGO.

Best of Feeling Now Prevails in That City.

Gen. Leonard Wood is the Bearer of Such Report.

General Conditions are All That Could be Desired.

Schools are Being Organized, Roads Constructed and Customs Receipts the Best Known.

NEW YORK, Jan. 10.—The United States transport Mississippi which sailed from Santiago on the evening of January 4, arrived today. On board the transport were Gen. Leonard Wood, military governor of Santiago, and Lieutenant Hanna, aide-de-camp; Dr. Castillo, a brother of the Cuban General Castillo, and Colonel Gibson, who superintended the distribution of provisions to the starving Cubans.

General Wood, who was interviewed at quarantine regarding the protest of the people of Santiago over the disposal of the funds of that province, said he did not care to talk on that matter before he visited Washington.

There was some dissatisfaction but nothing to amount to anything.

When he left Santiago everything was in splendid shape, schools were being organized and ready to receive scholars, and nearly 1,000 miles of road had been constructed in the province. The customs receipts were the largest ever collected and exceeded the amount collected and turned into the Spanish treasury. Funds were available for meeting the expenses of the administration of the province and the only expense to the United States would be the cost of maintaining her army.

The best of feeling prevailed and the general condition of things was all that could be desired.

General Wood appeared to be in excellent health.

There were on board the transport ten army officers belonging to various regiments, fifty five discharged and convalescent soldiers and forty-four civilians, among this number being fourteen nurses.

Four bodies were brought home on board the Mississippi. One of these bodies was that of Miss Helen Towers, a nurse who died recently at San Juan, P. R.

Captain Stinson, the commander of the Mississippi, was left in a hospital at Santiago, suffering from pneumonia. He was taken sick on December 24th while at Ponce and on reaching Santiago it was deemed prudent to send him ashore to the military hospital rather than risk his life on getting into cold weather aboard the transport. Chief Officer Hopkins was then placed in command of the vessel.

SOME BITTERNESS.

The Convention of United Mine Workers.

Pittsburg Meeting Marked by Considerable Feeling That Crops Out Between Factions.

PITTSBURG, Pa., Jan. 10.—The bitter wrangle over the appointment of the credentials committee, which occupied the entire session of the national convention of the United Mine Workers yesterday, was renewed immediately upon the opening of the convention today. Charges of unfairness were freely made by the anti-administration factions, and these accusations were promptly denied by President Ratchford, Acting President Mitchell and Secretary-Treasurer Pearce.

When the session was called to order Chairman Keenan, of the committee on credentials, reported that all the delegates entitled to representation had been seated and that a number had been rejected because the locals had not fully complied with the constitution.

Before the report could be adopted, however, ex-President McBride created surprise by announcing that the Ohio delegation had decided to withdraw all candidates for office from that state, and that they would refuse to serve on any committees until a thorough investigation had been made.

This was done, he said, because the Ohioans saw that the outsiders were seeking to delay matters in order to secure the election of their own candidates. This reopened the discussion and Patrick Dolan, Pennsylvania's candidate for president, said that he was willing to withdraw his name from the list of candidates and leave a clean field to the book padders.

T. L. Lewis, of Ohio, said that yesterday he was looked upon as a candidate. Today he was a delegate. He alleged that the national officers had used their influence in favor of certain candidates for office and that the funds of the miners had been used for electioneering purposes. He said that he would make these charges in writing and was prepared to prove all his allegations.

Acting President Mitchell said the charges were made without proofs and denied that the organization had been used in his behalf. The charges, he said, were unmanly.

He was followed by President Ryan, of Illinois, who caused some excitement by offering to donate $100 to the organization if the charges were proved.

Dolan said he obtained his information from Edward McKay, at Columbus, before the convention last year.

"HE STOLE MY DOG."

The Expression Results in a $2,500 Slander Suit.

A Case Being Tried With Only Eleven Jurymen—Court Items of General Interest.

W. & E. Leonard, for George Wait, this morning commenced suit for $2,500 damages for slander against Joseph Klopfenstein. The complaint alleges that on December 2, 1898, in the presence of divers persons Joseph Klopfenstein said: "He (meaning plaintiff) stole my (meaning defendant's) dog." The suit is filed in the superior court.

A JURYMAN SICK.

The Hake vs. Lake Shore case is being finished with only eleven jurymen. This morning when court convened, Thomas Towney was not in his seat. Word came to the court room that he had suffered an attack of pleurisy and was confined to the St. Joe hospital. The attorneys on both sides agreed to finish the case with eleven jurymen. Arguments are being heard this afternoon and the case will go the jury before supper time.

FILED HIS REPORT.

E. J. Hathorne, receiver of the Fort Wayne Electric Corporation, has filed a current report of his receivership in the superior court. Mr. Hathorne is now the sole receiver of the electric works, H. J. Miller having resigned as co-receiver last Tuesday afternoon.

NOTES.

Mason Long et al. sue W. J. O'Dell & Co. on attachment and garnishment to secure a claim. B. F. Harper is attorney.

In the superior court Judge Dawson decided for the defendant in the case of Gibson vs. Poorman. The following cases were dismissed: Sylvester vs. Clausen; Bormann vs. Miller; Hill vs. Hill, divorce.

Wm. Kiserk was appointed guardian of John L. Trease, insane, by Judge O'Rourke.

Pauline Kuner has filed application for divorce from Andrew Kuner and asks the custody of their child. The complaint is sensational. It charges that the husband is in the habit of becoming beastly intoxicated, using violent language towards his wife. It also charges that he confessed to paying a doctor for performing a criminal operation upon a lady who is nameless, that he has neglected to clothe and support his wife, and that he is a confirmed trifler. T. Wilson is attorney for the plaintiff.

George Weaver has commenced suit for $2,000 damages for slander against Benjamin Grover. E. V. Emrick is plaintiff's attorney. The same parties were principals in a slander suit commenced some weeks ago.

The case of Elias Waters vs. H. C. Crawford has been dismissed by Judge O'Rourke.

The case of William M. Osborne vs. Francis L. Curtice has been postponed until February 13th.

John W. Orndorf has filed his bond and oath as administrator of the estate of Agnes Dozier, deceased.

MARRIAGE LICENSE.

During the boom days the company's assets were reckoned at nearly $10,000,000. The stipulation entered into between the respective officers at Philadelphia this week has been filed.

The amateur ball teams of the city will soon complete the line-ups for the coming season. The Crystals are already organized and expect to make a good race for the city championship. "Muncie" Smock, the clever shortstop, will captain the team. A meeting of the city league will be held next month.

The week of revival services at the Baptist Tabernacle started off with a large audience last evening, and by the interest shown it is safe to say that the meetings will be very successful. STRUGGLE TONIGHT.

Senatorial Caucus to be Held in Indianapolis.

All the Candidates Still in the Running.

Judge Taylor is a Very Likely Prospect.

Frank Hanly Has Got Where He Can Go No Farther—Result Much in Doubt.

INDIANAPOLIS, Jan. 10.—Tonight at 8:30 o'clock the republican members of both branches of the legislature will meet in the house of representatives to caucus for United States senator.

The belief widely prevails today that no choice will be reached tonight and that the struggle will have to be carried over until Wednesday night.

There is no notable change in the situation. Each candidate is confident that he will win and each will stay in until the voting demonstrates clearly that he is out of the race.

TAYLOR STILL STRONG.

Judge Taylor has not lost any strength. His friends are standing by him, and it is believed he will increase his vote after the second ballot. The Hanly people are bitter against Taylor and will not go to him, but this, it is believed, will tend more to center around Taylor the anti Hanly strength than anything else.

Hanly's strength is no less, possibly, than it was, but it is certainly no more. At a meeting of the Hanly forces last night there were thirty-three votes present, but this number cannot be relied on by Hanly. It is figured out today that he will get twenty-six votes on the first ballot.

Major Steele is an uncertain quantity. His strength is covered and cannot be told until after the first ballot. Frank Posey would be a strong probability were the support from his own section of the state sincere.

The Beveridge men are hopeful and the young man has been gaining some strength in the closing days of the struggle.

It is believed there will be two votes absent tonight. One of these is a Steele vote and the other is for Hanly, though it is hoped by these candidates to get both men out of the sick bed and have them there.

THE LEGISLATURE.

The majority of the house passed a resolution yesterday afternoon requesting Representatives Shirley and Downey to leave by today the seats they have selected just across the border of the so called majority side. There was a heated debate and and it was shown that the republican state librarian assigned the seats to the democrats.

Mr. Patterson, of Franklin, introduced a joint resolution providing for a constitutional amendment making the terms of all county officers four years and making them ineligible for two terms in succession.

Mr. Hedgecock introduced a bill prohibiting free lunches in saloons.

Mr. Loutit, of Fort Wayne, introduced an important bill, placing justices of the peace on salaries, grading according to population.

Mr. Shirley, of Alton, introduced a bill requiring the oleomargarine offered for sale to be placarded.

Mr. Loutit introduced a bill establishing state inspectors of nurseries to inspect and abolish the San Jose scale.

A bill to make the law against prize fighting more stringent was introduced in the senate by Mr. Stillwell.

THE CARBON COMBINE.

Reports of the New Consolidation Fully Confirmed.

CLEVELAND, Ohio, Jan. 10.—Mr. W. H. Lawrence, president of the Nation Carbon company, of this city, confirms the report that his concern has been absorbed by the carbon combine now being organized. He also confirms the report from Chicago of the other companies which will become members of the new organization. He asserts that it is not the intention of the new company to raise prices, but to lower them through cheaper methods of doing business, which would be instituted as the result of the consolidation.

He refused to accept the presidency of the new company or to become a member of it unless it was distinctly understood that prices should not be raised. The headquarters of the company will be in this city.

A DREYFUS VERDICT.

That Believed to be the Meaning of M. Beaurepaire's Resignation.

PARIS, Jan. 10.—The resignation of M. Quesnay de Beaurepaire, president of the civil section of the court of cassation has revived interest in the Dreyfus case, which has calmed down during the past few days, to the fever point. The anti-Dreyfusites are doing everything possible to discredit the court of cassation, as it is generally accepted in the best informed circles that the court is preparing to render judgment in favor of Dreyfus. The cabinet met this afternoon under the presidency of President Faure, who issued a decree accepting the resignation of M. De Beaurepaire and appointing Counsellor Ballot de Beaupre to succeed him.

A FIGHT TONIGHT.

McCoy and Sharkey to Maul Each Other.

Both Men are in Condition for the Battle—Robert Fitzsimmons Says Some Things.

NEW YORK, Jan. 10.—Tom Sharkey and Kid McCoy are resting today, preparatory to the promised battle tonight. The disputed question as to what shall constitute a clinch has not been settled, but there is a prospect that an understanding will be reached at the meeting of managers, referee and principals which is to be held at 6 o'clock this evening. Very rarely have so many patrons of the sport come to New York to witness a bout since the Horton law was enacted.

Seven car loads of sports came from Buffalo and about as many more from Syracuse. Parson Davies and Dominick O'Malley head a large delegation from New Orleans, about 300 came from Detroit; Tom Allen, who fought many battles with bare knuckles, is here with twenty five St. Louis followers of "the game," and George Siler and Lou Houseman came up with about fifty Chicagoans. The advance sale of seats has brought in $12,000 to the Lenox club.

Sharkey will weigh in at 180 pounds, and McCoy is expected to tip the beam at something like 162 to 165 pounds. In the betting the odds are still on McCoy, who himself has passed out $1,000 to be placed on even money bets or as much better as can be had.

FITZSIMMONS SAYS THINGS.

CLEVELAND, Jan. 10.—Robert Fitzsimmons in an interview here today said:

"If McCoy wins the fight tonight I will take him on at any time. My money is already posted. I will fight him for either the middle or heavy weight championship."

"I will scale down to 158 pounds to accommodate him if he wants to fight in the middle weight class.

"Sharkey is a faker. If he wins I may tell him to go and fight Maher.

"Yes, I'll fight Corbett again," said Fitz, in reply to a question, "provided he whips Maher."

WANTS TO OWN IT.

Another Letter Received from George H. Geer.

He Says the Team Will Stay Here if He Succeeds in Getting Interstate Baseball Franchise.

Another letter was today received from George H. Geer, the Syracuse base ball manager, who is after the Fort Wayne franchise in the Interstate league.

Mr. Geer says he expects the support of a wealthy Syracusan and hopes to be able within a few days to determine exactly where he stands.

Should he secure the franchise Mr. Geer says that the lovers of the game can rest assured that he will keep the team here as he has no other city under consideration.

An effort is being made to have him take the franchise before the league meeting January 17th.

President to Visit Cincinnati.

CHICAGO, Jan. 10.—Chicago members of the National Association of Manufacturers have received news that President McKinley will visit the annual convention of that body to be held in Cincinnati January 24, 25 and 26, and will deliver an address to the members. His subject will be "American Trade" and it is expected that much of the discourse will be immediately pertinent to territorial expansion and its important influence on commerce.

New York Publisher Insane.

NEW YORK, Jan. 10.—A commission has been appointed to inquire into the mental condition of Augustin Brentano, of the publishing firm of Brentanos, who is in a sanitarium at Flushing. The application for the commission was made by Laura Brentano, his sister, who stated in an affidavit that he is of unsound mind and unable to govern himself or manage his business affairs. Brentano's wife did not oppose the application.

The New York's First Merchant Trip.

NEW YORK, Jan. 10.—The American liner New York was brought down to the company's pier today and will sail for England tomorrow in place of the overdue liner St. Paul, which had not been heard from up to 10 o'clock. This will be the New York's first trip as a merchantman since her transformation into the auxiliary cruiser Harvard.

Shot His Wife, Then Suicided.

COLUMBUS, Ohio, Jan 10.—A special to the Dispatch from Hamilton, Ohio, says: "Henry Bants, grocer and saloonkeeper, shot his wife, Ann, twice, then going to a coal shed blew out his own brains. One ball penetrated the woman's neck, the other her arm, and though seriously injured she has a chance for recovery."

Father Henry Meissner, of Peru, was a visitor at the Episcopal residence yesterday.

A HERO OF EL CANEY

Such is Major General Lawton, of Allen County.

Movement on Foot to Get Him to Visit Fort Wayne.

The People Would Tender Him a Rousing Reception.

Soldiers and Citizens May Unite in Having Him Come Here Before Leaving for the Philippines.

Ere the smoke has hardly cleared from the battles of the late Spanish-American war the nation is busily engaged in seeking out the heroes of that conflict, and as has been witnessed at various cities, due honor has been paid to many of those brave men who distinguished themselves in sustaining the proud name of the country. There could be nothing more fitting than for the soldiers and the public of Fort Wayne to express in some manner the admiration for and appreciation of the valuable services rendered in the late war by an Allen county boy, none other than Maj. Gen. Henry W. Lawton. He is a man whose valor at El Caney heights won for him praise from all over this broad land. His intrepid advance upon that hill will go down in history. And more than this, throughout the Santiago campaign he exhibited a courage and execution that stamps him as one of the bravest soldiers of the war.

A number of old soldiers of the civil war and several lately returned volunteers were discussing the matter this morning, and it was suggested that somebody start out upon a movement to give Major General Lawton a rousing reception in Fort Wayne previous to his departure for the Philippines, where he has been detailed to go this month. The major general will inspect troops at Columbus, Ohio, the latter part of this week and on the 15th he will leave with the soldiers for the Pacific coast and thence to his new post in the Philippines. It is thought that General Lawton can be induced to come to Fort Wayne and receive the homage due him, for Allen county has been his home for many years, although his activity in the regular army has prevented him from spending much time here. It is hoped that the soldiers and citizens will take enough interest in the matter to pay him a deserved tribute before his departure for that far off land where he may be compelled to stay for a number of years. It was a blow to his friends in Northern Indiana, and in fact all parts of the state, when, upon the eve of the war, he was not chosen to command the Indiana brigade. That the state was thus deprived of having accredited to it one of the bravest leaders of the war was due to the scheming of a coterie of politicians at Indianapolis. At the outbreak of the war W. J. McKee was brigadier general of the Indiana National Guard and it was through the influence of his following that the then Lieut. Col. Henry Lawton, when raised to the grade of brigadier general, was not accredited to this state.

Major General Lawton has for many years been in the regular army. During the civil war he won a great record for himself, and later it was he that was foremost in putting down the rebellion of that stubborn fighter, Geronimo. His recent promotion from the brigadier generalship to that of major general was bestowed solely on merit.

Therefore there is much to be proud of in the record of this Allen county soldier, and the people of the county, citizens and soldiers alike, would perform a graceful act if they would have him pay Fort Wayne a visit and then accord him a warm greeting.

Major General Lawton is a member of Sion S. Bass post and also of Harmony lodge No. 19, I. O. O. F. The matter brought before either of these organizations would put it in definite shape, and a grand public reception would be the result.

The queen regent of Spain has ordered an elevator to be placed in the royal palace at Madrid. The dynasty must be preparing to go up.

Carl Schurz will soon celebrate his seventieth year and at about the same time the fiftieth anniversary of his expulsion from Germany because of his political opinions. Some one has said that Germany's contribution of Carl Schurz to the citizenship of the United States has been worth 10,000 ordinary men.

The Elkhart county grand jury has reported that a Goshen hardware firm was given $1,000 for the poor farm heating contract, when it should not have cost more than $2,100; also, that $7,021 was unnecessarily expended on a bridge. Threlkeld judge is requested to take steps to collect these overcharges. The county commissioners are warmly criticised for granting contracts without receiving bids for the work.

Colonel San Martin, who commanded at Ponce, Porto Rico, and abandoned the place on the appearance of General Miles' force, has been sentenced to imprisonment for life at Ceuta, which means a horrible and lingering death. Colonel San Martin could not have held Ponce against General Miles, and a defense would merely have involved the useless spilling of blood. Colonel San Martin is punished for not committing an offense equivalent to murder. Such is Spanish justice.

It is not expected that by limiting the eligibility of the mayor to one term, the whole problem of reform in city government will be solved, and all the evils now complained of exterminated. But it will be a step in the right direction, and may beat the path to further reforms. Certain it is such a measure would rip the vitals out of the city political organizations as they exist in this city. There would be left so little profit in self service that no mayor would care to engage himself mainly with the political leanings of public affairs to the detriment of the public concerns themselves. Now and then it might happen that a man would be elected to the mayoralty who would attempt the construction of an administration machine for the general use of his party, or, as we have already pointed out, to promote the political fortunes of some valued henchman. But the main incentive to a political administration of affairs would be taken away. Out of this condition the benefits might reasonably be expected to multiply steadily, though perhaps in moderate degree. After such a reform had been inaugurated it might be reinforced by other changes. The direction that reform should take will be clearer after a start is made.

It has doubtless dawned upon one J. Frank Hanly, candidate for United States senator from Indiana, that the pathway of the politician is not always paved. Mr. Hanly, for the past week, has been experiencing some grief of different varieties, and if he wins out in the caucus tonight he will no doubt be intensely thankful and ready to pay some political debts with great promptness and plenty of interest. The Indianapolis Journal, the republican organ of the state, yesterday very calmly read the Lafayette man out of the race. The day previous the Terre Haute Express in substance charged Mr. Hanly with trying to bribe Vigo county legislators with promises of office. At the same time it has been set forth with much circumstance and detail that Mr. Hanly gold-bricked the republican state committee for about $1,000 for services as a campaign orator when he should have contributed his oratory and been glad of the chance. These coming in a heap, as it were, atop of Mr. Hanly's palpable load in the race has not, it is reasonable to believe, put additional wind in his boom.

BOWSER'S BANQUET.

Annual Meeting of Traveling Salesmen This Week.

The annual meeting of traveling salesmen of S. F. Bowser & Co.'s extensive works will be held Wednesday and Thursday at the offices of the company. These sessions are given at the beginning of the year for the purpose of exchanging ideas, relating experiences, submitting suggestions for the betterment of trade and various other advantages that accrue to the company and the men.

The meeting will be opened tomorrow morning at 9 o'clock, with an address of welcome by S. F. Bowser, who is at the head of the great industry. The response will be made by C. F. Neff, on behalf of the salesmen. Introductions will then be in order, A. Z. Polhamus officiating as master of ceremonies. Mr. Bowser will then explain the improvements on the outfits for the year 1899, after which the salesmen will adjourn to the factory to inspect the same outfits. The program for tomorrow afternoon and on the following day will consist of addresses by various salesmen, discussions and general talk concerning the goods handled by the men who make the business go. The company employed fifty-four men during the year 1898. The meeting will close Thursday evening with a banquet at the New Aveline.

NORTHERN INDIANA NOTES.

F. Zimmerman, of the Valparaiso Messenger, has celebrated the forty-fifth anniversary of his entry into editorial work.

The Cottage hotel, the best hostelry in Milford, was destroyed by fire Monday morning. The estimated loss is $6,000. Frank Meisner is the proprietor.

Miss Emma Grimm, living near Valparaiso, while building a fire with kerosene oil was so badly burned that she died. She was twenty years old.

The question of building a new court house for DeKalb county is under favorable consideration. It will only be a few years until the new building becomes a necessity.

At Laporte Frank Collins has been adjudged insane. He has been so violent that it was feared he would commit murder. He attempted to kill his little daughter and later attacked his mother with an iron poker.

R. R. Shirk, of South Bend, has patented a contrivance that renders it impossible to rob a bank or an express car, and it is said it secures immunity from harm or interference from would-be robbers to banker or express messenger.

Katie Sayles died at Goshen of a malady that has since been learned to be scarlet fever. A great number of persons were exposed to the contagion during her sickness and at her funeral and an epidemic is feared. The younger children of the family are now affected.

William H. Davison, a traveling salesman, was found on the river bank at Mishawaka early in the morning, unconscious and showing evidences of having been submerged in the water. Upon being restored, he reported that he had been assaulted by thugs, robbed of his valuables and tossed into the river.

Washington township, Kosciusko county, boasts what is believed to be the largest tree in the state of Indiana. The tree is a sycamore, and is located on the farm of Mrs. F. A. Matchett, half a mile west of Pierceton. It measures twenty-one feet in circumference about two feet from the ground, and is sixty feet to the first limb. The tree would cut five logs twelve feet long of clear lumber, which would foot up something over 11,000 feet. If the tree is sound, as all indications point, its value as it stands would be something like $185.

Arrests are expected at Decatur after the coroner's jury has given a verdict in the case of Frank Fesel, who was found dead back of Myer's saloon, in that city, Monday morning. It is said two traveling men, who thought it would be sport to get Fesel intoxicated, paid for his drinks and twenty-two glasses of gin were given him within three hours. His comrades then left him and he went out of the back door of the saloon, where he died in an alley, being unable to go farther. He has a son in business on Wall street, New York, who, it is said, is very wealthy.

At Trenty, a village a few miles south of Wabash, Marion Weaver, colored, eighteen years old, employed in the family of Mr. and Mrs. Ross Dougherty, took advantage of the absence of Mr. Dougherty, who was spending the night with a sick neighbor, to improperly approach Mrs. Dougherty, but the woman locked herself in her own room. After the negro had gone she fled to the house of a neighbor. Weaver concealed himself in the hay in the barn, where he was found by the sheriff and placed under arrest. The enraged farmers in that community threatened to lynch him, but he was transferred to jail in safety.

MILK IN THE COCOANUT.

Secret of President Iglesias' Reception in Great Britain.

London, Jan. 10.—The ceremony with which Senor Rafael Iglesias, the president of Costa Rica, has been received here is causing much speculation. One paper says:

"It is certainly unusual that our eminently haughty foreign office should extend a welcome to such minor potentates. The explanation is that Costa Rica has something to say in the Nicaragua canal and the president's official welcome goes also to show that the marquis of Salisbury does not mean to give the United States all its own way."

CLOSING SESSION.

Ninth Annual Farmers' Institute Ends Today.

The Old Officers Re-elected—Prizes are Awarded at the Session This Morning—The Addresses.

The ninth annual Farmers' institute comes to an end this afternoon. About 250 people attended the sessions this morning and as many this afternoon. The first thing to come up today was the election of officers. The old officers were re-elected by acclamation, as follows:

President—Alexander Johnson.

Secretary—Mrs. Noral DeVilbiss.

Treasurer—Jerome D. Gloyd.

The prizes on sugar beets were awarded as follows: First, W. F. DeVilbiss; second, G. H. Weickel; third, W. Hartman. The test of the beets taking first prize showed that they contained in percentage of sugar, 15.7, and in percentage of juice, 14.4. In co-efficient purity they showed 83.

The prize was awarded to Hon. T. E. Ellison for the best potatoes, but it was a condition that the one receiving the prize should tell how they were cultivated and answer any questions that might be asked. Mr. Ellison was not present to do this and the prize was awarded to R. A. Jackson. When he was called upon it was found that he, too, had disappeared. The committee has not yet awarded the prize.

W. H. Brown this morning talked on "Plowing—Fall or Spring, Shallow or Deep." He favored spring plowing for best crops and favored about four inches of loosened soil. A lively discussion followed the address.

Samuel Houck gave a good talk on potato culture, and he answered numerous questions which brought out a great deal of valuable information.

Other subjects introduced today were as follows:

Address—"Necessity of Special Education for the Successful Farmer," ... The Improvement of the Road ... "Farmer's Bread."

WALTHER LEAGUE.

Emanuel's Branch Has an Annual Election—No Other Business Done.

The Walther league of Emanuel's Lutheran church last evening elected officers as follows:

Financial Secretary — William Stellhorn.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Dreier & Bro.'s drug store. Regular size 50c and $1.00. Every bottle guaranteed.

LITTLE HOPE HELD OUT.

Representative Dingley Very Weak and His Recovery Unlikely.

Washington, Jan. 10.—The condition of Representative Dingley is practically unchanged this morning. Every effort is being made to fight the steady inroads on his vitality, but little hope of recovery is now held out. His extremely enfeebled condition, aggravated by the general infection of the system from the passing attack of pneumonia, makes the outcome very doubtful. He is conscious only at intervals, recognizing those about him only when aroused.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by Dreier & Bro., druggist. Guaranteed.

Two Cent Fares as a Business Proposition.

How many business men of Indiana favor a reduction of 33⅓ per cent. of their receipts if the total were barely sufficient to offset expenses? Not one merchant would, under such circumstances, feel like enlarging his stock or increasing the number of employes. On the other hand he would promptly curtail expenses in various ways, including a reduction in clerk hire. That is the 2 cent railroad fare proposition exactly. If a law is enacted to lower the fare, the railways will surely and properly retrench in expenses. They will pay out less money through the several channels by which vast sums are periodically put into circulation by them, and the retrenchment will extend to business interests in general.

RETAILERS OBJECT

To Having Wagons Backed Up in Front of Stores.

Harrison Street Storekeepers File a Petition and Remonstrance—Votes From Aldermen.

The fight over the wholesale market place in the council seems to have been drawn on sectional lines. The matter took on a new phase this morning when a petition and remonstrance was filed in the city clerk's office by John H. Strodel. It was signed by Mr. Strodel, William Henry, Fred Welbel and George H. Kuntz and remonstrates against wagons on the Harrison street market backing up to the sidewalk in front of their places of business. All these gentlemen do business on the east side of Harrison between Main and Columbia and assert that the wagons and crowds on the sidewalk interfere with their retail business. They ask the council to make an order compelling wagons to occupy the west side of the street, where they believe there would be no objection from storekeepers. The paper will be presented to the council tonight.

Interest in the market fight reaches out as far as Kansas City. This morning a letter addressed to the Second ward councilman was received from E. M. Powers, of Kansas City, who advocates the removal of the market to Barr street. His contention is that most of the hauling between the depots must be done on Harrison, and the crowded condition of the street interferes with rapid work.

The committee on rules, regulations and ordinances last night met and considered the resolution for the removal of the market. P. A. Randall and C. S. Bash led the Harrison street advocates and Henry Colerick talked for the Barr street people. The committee finally decided to make two reports. Messrs. Bauer, Clark, O'Ryan and Zurbuch will report against the change and Councilman Bohr will recommend that Barr street be selected. Mr. Bohr is the only member of the committee who lives east of Calhoun. It is believed that the council will split on these lines, the ten living east of Calhoun supporting Barr street and the ten west of Calhoun favoring Harrison. A tie vote would mean that the market will stay where it is. Of course, the board of works must consent before a change can be made.

The committee on rules and regulations also decided to report adversely Councilman Poirson's resolution for a groove rail on Columbia street.

OTHER COMMITTEES.

The committee on finance and health met to consider Sister Superior Hyacinth's communication regarding the establishment of an isolation hospital. Architect Grindle was present and submitted plans for two buildings, one a hospital for diphtheria and scarlet fever patients and the other a hospital for consumptives. The city is asked to erect the diphtheria-scarlet fever hospital at a cost of from $10,000 to $12,000, and the sisters will maintain it and make any improvements that may hereafter be necessary. The committee understands that the sisters have in view the Baker homestead, on St. Joe boulevard, as the best place to locate the hospital. No action was taken, as the committee wants to consult with the board of health as to what is exactly needed and with the city attorney as to the legality of erecting a hospital and turning it over to the sisters.

The council committee on judiciary met to consider the communication of Henry M. Williams, advocating an amendment to the charter as to the payment of bonds, but decided to make no report, inasmuch as City Attorney Stansbaugh was already at work on these amendments.

BOARD OF WORKS.

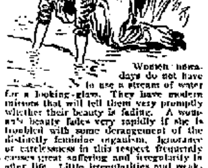

At the meeting last evening a petition signed by P. A. Randall and nineteen others was received, which asked that Pearl street, from Harrison to Fulton, be paved with brick. The engineer was ordered to prepare plans and specifications for the improvement. The pavement will probably be made not less than twenty-five feet wide.

The engineer was also ordered to prepare plans and specifications for the paving with brick of the alley between Wayne and Washington from Clinton to Barr and the alley between Wayne and Washington from Calhoun to Fulton.

The following assessment rolls were approved: For the sewer in the first alley south of Putnam street, from Andrew to Sherman streets; the sewer in the alley between Penn and Alligur streets, from Fletcher to Grant avenue; the sewer in the alley between Fletcher and Grant avenues, from Penn street to the first alley north.

A petition was received for a sewer in the alley between Fourth and Spring streets from Andrew to Sherman streets.

A few days ago Lyman Emerick, of Huntington, killed a pigeon, on the leg of which was a ring bearing the inscription "C. O. P. 284." Charles G. Pape, of this city, identifies the carrier as "Tramp," one of his favorite birds and has so notified Huntingtonians. "Tramp" was a favorite with Mr. Pape and made a practice of going away from home not returning for three or four days.

AIDED BY MRS. PINKHAM.

Mrs. W. E. Paxton, Youngstown, North Dakota, writes about her struggle to regain health after the birth of her little girl:

"Dear Mrs. Pinkham:—It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valuable medicine.

"After the birth of my little girl, three years ago, my health was very poor. I had leucorrhoea badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstruations were very profuse, appearing every two weeks.

"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition, when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and after taking two-thirds of the bottle I felt so much better that I send for two more. After using three bottles I felt as strong and well as any one.

"I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble."

Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right conditions need not terrify women.

The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's address is Lynn, Mass.

Pittsburg and Grand Rapids Promoting Engineman.

Grip Still Adding to Its List of Victims—Working Twelve Hours—Goods.

If the present condition of traffic upon the Pittsburg is maintained, the company will be compelled to increase its engine crews. Already several promotions have occurred, among them Henry Strasser and Robert Gillis, who are now engineers, and more will follow soon. The Grand Rapids and Indiana is also promoting some of its firemen, among the fortunates ones being E. Nikolis, who made his first trip over the line as an engineer yesterday.

Working Twelve Hours.

After a few weeks on a ten hour labor day schedule the employes of the Pittsburg planing mills have again returned to the twelve hour schedule. The company is short of cars and the Fort Wayne shops have orders to hasten the work of construction as much as possible.

Lyman Blakesley Fatally Ill.

L. M Blakesley is lying critically ill at the home of his brother, Robert Blakesley, in Chicago. He has Bright's disease of the kidneys and so far advanced is the malady that death is expected at almost any moment. Harry Blakesley, a son of the sick man, is attending him, having obtained an indefinite leave of absence for that purpose from the railway upon which he is employed. L. M. Blakesley a few years ago was one of the best known passenger conductors of the Pennsylvania lines. Ill health compelled his retirement and for several years he was engaged in the hotel business in Kansas. When on the road he ran between this city and Chicago and made Fort Wayne his home.

Borrowing Engines.

The western division of the Pittsburg, Fort Wayne and Chicago road is short of motive power and some of the engines from the other lines in the northwestern system are coming here to help out during the rush. No. 231 arrived this morning and immediately went into service. She is of a lighter pattern than the class R and will be run with another light engine as a double-header. If the remaining days show as heavy business as did the first two days, the present will be one of the busiest weeks of the winter so far.

John Muhlfeld Advanced in the Ranks.

The Wabash Plaindealer: "John Muhlfeld, for a long time general foreman of the Wabash railroad shop at Peru, has been appointed master mechanic of the Grand Trunk railroad shop at Port Huron, Mich., one of the most important division points on the Grand Trunk system. He will have immediate supervision of the motive power on 800 miles of line, embracing 260 locomotives. Mr. Muhlfeld was selected for the place by Frank W. Morse, formerly master mechanic of the Wabash at Fort Wayne, and now superintendent of motive power of the Grand Trunk."

Pleased With the Appointee.

The St. Paul Press has the following about the new manager of the Baltimore and Ohio lines, who will take charge on February 1st: "Universal satisfaction with the appointment of F. D. Underwood as general manager of the Baltimore and Ohio is expressed by his friends and contemporaries. Seldom has a more suitable appointment been made. Under existing circumstances it was a very difficult matter to find a general manager who could handle the intricate and growing business of the Baltimore and Ohio and please the many diversified interests in the property. Mr. Underwood's aggressiveness and vigorous personality will be needed in his new position. Although in the prime of life he has had a vast experience of the character which should stand him in good stead on the eastern line that will set an example to prouder competitors without becoming entirely 'Westernized.'"

More Grip Victims.

The absentee lists in the various departments of the Pittsburg shops this morning contained the following new names, all being victims of the grip: B. Assies, John Sanders, J. Singleton, B. F. Homsher, W. H. Cherry, J. Murphy, Dennis O'Connor, George Harris, Charles Lincoln and S. Haines. Among those who have recovered from the disease sufficiently to resume work are W. G. Page and Jule Henry.

I. Schoonover and F. E Todd, Nickel Plate brakemen, who had been off duty a week on account of sickness, reported for work yesterday.

Last week was a record breaker with the Grand Trunk, it handling at Portland, Maine, 852 more loaded cars than during any previous week.

J. Otten, a lumber handler at the Pittsburg shops, was struck on the nose yesterday with a piece of board and is off duty until the wound heals.

Nickel Plate Firemen Joseph Harber and John Dickson are among the grip victims and will probably be unable to go out on their runs for a few days.

The Vandalia, in connection with the Pennsylvania lines, has contracted to carry 1,000,000 bushels of grain from Missouri river points to Baltimore and Philadelphia at tariff rates on export grain, which is thirteen cents per 100 pounds.

There is considerable friction between the trainmen of the Pittsburg, Bessemer and Lake Erie and its management over a recent order relating to the making up of trains, and it is feared that it will lead to trouble unless the order is modified.

J. C. Pollmann, the Pittsburg fireman who came near having his head crushed at Crestline several weeks ago, is getting along nicely. The terrible scalp wound is healing rapidly and yesterday the severe headache that had constantly prevailed since the accident left him. He will be out in a few days.

Mart Hensler, of the Bass smith shop, is indignant because he was placed on the sick list yesterday. His absence was due to a far different cause. Mrs. Hensler had presented him with a daughter and he remained at home to cultivate an acquaintance with the young lady. This is the first girl in the family.

POETRY WINS A VERDICT.

A Lawyer Makes His Argument Before a Jury in Verse.

ANDERSON, Ind., Jan. 10.—In presenting the damage suit filed by Ida May Simpson against Madison Hamilton, Attorney W. A. Sprong, appearing for the defendant, presented his argument in poetry. The verdict was in his favor.

When Sprong notified the court some weeks ago that he was going to present his argument in verse it was held by the court that the argument could not be admitted, but upon looking through the statutes it was found that there was no law to compell him to speak in prose.

The "poem" required ten minutes in reading and covered the case concisely.

DANGEROUS SURGERY.

Death Follows the Surgeon's Knife.

Not the Surgeon's Fault, of Course—He Can't Help It—You Can.

Pyramid Pile Cure Cures Piles Quickly, Painlessly, Without Danger.

People go along for years suffering with piles. Then try this, and that and the other thing: from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhoea and the piles come back.

They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling or weight in the perineum.

Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing, there is only one speedy and sure remedy. It is Pyramid Pile Cure. Even in light cases it is the safest thing to use. Other applications may cure and may not. Pyramid Cure is always certain, always reliable, always brings comfort at once. Its prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts. It is better than a knife. Will cure easier, quicker and safer. Thousands have used it. Thousands have been cured by it. The cost is trifling compared with what it does. The price is 50 cents. Most anybody would gladly pay ten dollars to be rid of piles.

Druggists sell Pyramid Pile Cure. If yours hasn't it he will get it for you from the Pyramid Drug Co., of Marshall, Mich. (Sole manufacturers.)
